Our hard work and dedication has blessed us with the opportunity to provide the finest retail and wholesale hemp products in-store and online.**

# CBD & Hemp Market

The CBD market is projected to be over a \$10 billion industry by 2024 in the United States alone. Industry trend shows that rising consumer enthusiasm for and awareness of CBD—combined with widespread, easy access to CBD products at traditional retail outlets—will drive a surge in CBD sales over the coming years.

# Our Products

The CBD & Hemp Warehouse houses two signature brands which we are seeking to distribute and market nationwide. **Weedoin-It** and **BonBonelle CBD+**

**Weedoin-It:** Our motto is “No Problems, Only Solutions,” this is the attitude we adopted when we first began this project and the end result was this brand. We didn’t set out to win any awards or appease any critics, but instead to create a brand for the people. Along the process, we never short-changed our approach, instead we utilize only the highest-quality CBD, CBG, CBD-A, THC, and hemp products. Weedoin-It takes the time tested American approach to each product, we don’t drag our knuckles rather we grind them to trailblaze a new path. There are no problems, only solutions.
